

Land of Your Heart

From the CD "VOICES FOR ISRAEL: Keeping the Faith"

VERSE 1

Set your gaze where the sun rises
As we face our eternal home
The hope of morning and light divine
Fills our songs and prayers for a
brighter time

Sing her praise when the world is
quiet
When a friend seems so hard to find
Heart to heart and eye to eye
Spanning oceans and earth and sky

CHORUS

Return to the land of your heart
Where you learn who you really are
Return to where dreamers dream
Where spirits soar, where it all began
Return to the land
Return to the land of your heart

VERSE 2

Stand and pray with every mother
That her children will be safe and
warm
The *Shechina* will dwell among us
When fear and hate don't fill any one
of us

So dance the dance of the new moon
turning
Share the tears of life and love
Raise the old and bless the new
Write a page for peace to come soon

CHORUS

BRIDGE

*Hashiveinu Hashem eilecha venashuva,
venashuva
Chadeish yameinu k'kedem*

Return
Return
Return...

CHORUS

Return to the land of your heart
Where you learn who you really are
Return to where dreamers dream
Where spirits soar, where it all began
Return to the land
Return to the land of your heart

Set your gaze where the sun rises...
